Budget influences

Financial sustainability is a key challenge, both in the short and long term. This involves the management of short-term budget influences within the context of longer-term challenges.

Council manages its finances through an annual budget, which identifies the expected revenue and expenditure for each year. The budget is the means by which Council makes a formal commitment of resources to provide funding for services and projects.

A long-term perspective is provided by the budget projections and forecast, which forms part of the Council Plan. This provides a 10 year forecast of revenues and expenditures based on a series of assumptions. It identifies the resources necessary to implement the Council Plan over coming years.

Nillumbik Shire in context

Nillumbik is an outer-metropolitan municipality located on the urban fringe of Melbourne. While small by metropolitan standards, Nillumbik is a medium-sized municipality in comparison to all Victorian councils.

Nillumbik comprises 432 square kilometres. It contains a relatively small urban area, where land use is predominantly residential. Ninety percent of the shire is rural land located outside the Urban Growth Boundary, where land is used mainly for farming, conservation or rural residential purposes. Commercial and industrial land activity in the shire is very limited. Major activity centres at Eltham and Diamond Creek provide mainly retail services to local markets. Housing is mainly detached dwellings with relatively high numbers of residents per household. Providing a consistent level of service to communities in the rural parts of Nillumbik involves additional costs to Council.

Council owns infrastructure assets with a valuation of \$964 million. Apart from land, these assets comprise more than \$44 million in buildings and around \$471 million in other infrastructure such as roads, bridges, drains and footpaths. Funding the annual cost for renewal of these existing assets is an important responsibility for Council, in addition to meeting community demand for new or improved assets.

Introduction

The 2022-2023 Budget has been prepared in conjunction with the Council Plan.

In compliance with the Fair Go Rates System (FGRS) Council is applying a 1.75 percent increase to rates for the 2022-2023 year.

Council proposes an increase of 21.98 percent to the domestic waste service standard charge for the 2022-2023 financial year. This is being driven by two elements; the responsibility Council has to rehabilitate the former landfill site at Kangaroo Ground which is a statutory requirement under the Environment Protection Authority Victoria; secondly a significant increase in the disposal costs in recycling and general waste.

Council has acknowledged the multiple threats facing all communities and ecosystems as a result of climate change and has committed to a climate emergency response as part of the Council Plan. Priority actions, specifically implementing the Climate Action Plan and reviewing the Biodiversity Strategy and the Urban Tree Canopy, have been included in the 2022-2023 budget. Council has also committed additional resources to tree planting as part of the 2022-2023 capital works program.

An extensive capital works program of \$14.25 million is proposed for 2022-23 including \$2.24 million in grant-funded works.

Key projects include:

- Buildings renewal (including public toilets) \$2.18 million
- Kangaroo Ground landfill rehabilitation \$2.03 million
- Road and carpark renewal \$1.85 million
- BMX Facility \$0.75 million
- Carpark upgrades \$0.65 million
- Sports infrastructure renewal \$0.45 million

This program could be further expanded as a result of successful grant applications during this financial year.

The Budget forecasts an operating surplus of \$4.14 million on an accrual accounting basis. The decrease when compared to the 2021-2022 forecast is largely attributable to the reduction on one-off capital grant income.

Strategic Resource Plan

Budget preparation has been informed by the budget projections, which identifies the resources required to implement the Council Plan.

A copy of Council's projected performance against the Victorian Auditor-General's measures of financial sustainability is included in the budget document.

The budget projections have been prepared on the basis of a 1.75 percent rate increase in 2022-2023, 2.00 percent in 2023-24, followed by increases of 2.25 percent in each of the following years.

Service deliverables have been maintained at current levels, while the cost of delivery has increased largely due to external and market forces.

The budget projections forecast that Council will achieve an operating surplus each year on an accrual accounting basis.

The budget also forecasts a substantial capital works program of \$72 million over the next five years. This is proposed to be funded from a combination of grants, contributions and operating revenue.

The Budget is based on a series of assumptions which include:

• No real-terms growth in service capacity.

• No further cost shifting by State and Commonwealth Governments.

The Budget will continue to be reviewed on an annual basis to address any issues arising from changes to the underlying assumptions.

Process

The draft Budget is exhibited for public consultation from 24 March 2022 to 22 April 2022. Members of the community are able to view the draft Budget on Council's website and at Council's offices. Written submissions can be made until 22 April 2022 and will be considered by Council in May, prior to finalisation and adoption of the Budget. Submissions can be made via Council's website or lodged in person at Council offices.

Budget processes

Under the *Local Government Act 2020 (the Act)*, Council is required to prepare and adopt an annual budget for each financial year. The Budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Local Government (Planning and Reporting) Regulations 2020 (the Regulations) which support the Act.

The 2022-2023 Budget is for the year 1 July 2022 to 30 June 2023 and is prepared in accordance with the Act and Regulations. The Budget includes financial statements being a:

- Comprehensive Income Statement;
- Balance Sheet;
- Statement of Changes in Equity;
- Statement of Cash Flows; and;
- Statement of Capital Works.

These statements have been prepared for the year ending 30 June 2023 and are consistent with the annual financial statements which are prepared in accordance with the Australian Accounting Standards and the Local Government Model Accounts. The Budget includes detailed information about the rates and charges to be levied, the capital works program to be undertaken and other financial information which Council requires in order to make an informed decision about the adoption of the Budget.

A proposed budget is prepared in accordance with the Act and submitted to Council in March for approval in principle. Council is then required to give public notice that it intends to adopt the Budget.

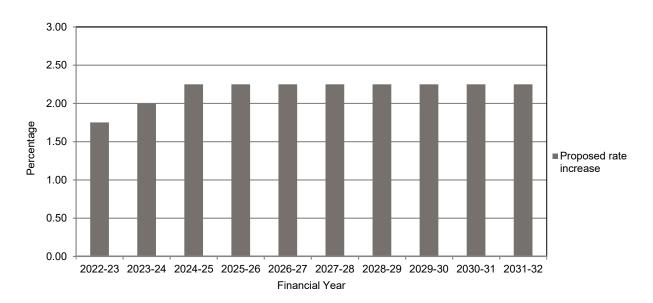

Twenty-eight days notice is given for the intention to adopt the proposed budget and to make the Budget available for inspection at its offices and on its website. A person has a right to make a submission on any proposal contained in the Budget and any submission must be considered before adoption of the Budget by Council.

The final step is for Council to adopt the Budget after receiving and considering any submissions from interested parties. The Budget is required to be adopted by 30 June and a copy submitted to the Minister within twenty-eight days after adoption. The key dates for the Budget process are summarised below:

Budget process Timing

10. Budget presented to Council for adoption	24 May 2022			
11. Copy of adopted Budget submitted to the Minister	26 May 2022			

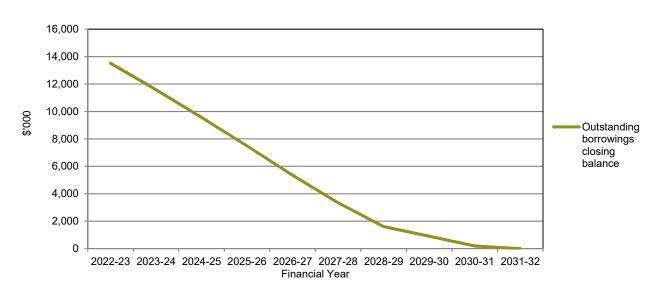

Budget Trends and Summary

Council has prepared the Budget for the 2022-23 financial year which seeks to balance the demand for services and infrastructure. Key budget trends and outcomes information is provided below.

Rate trends

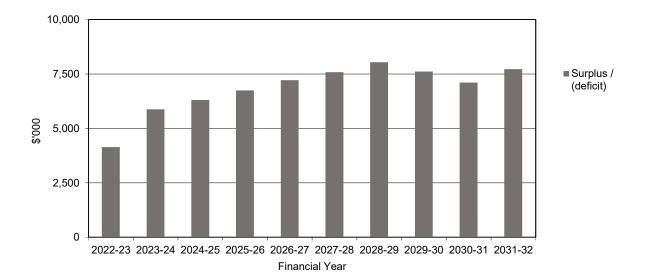

The graph above outlines Council's budgeted rate increase for 2022-23 which is in compliance with the rate cap. The rate cap will be 1.75 percent in 2022-23. It has been assumed the rate cap will be 2.00 percent in 2023-24, followed by increases of 2.25 percent in each of the following years.

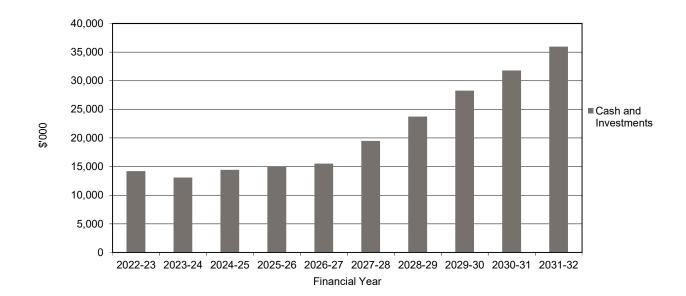

Borrowing trends and outcomes

Council is not anticipating to take out any new borrowings in 2022-2023. The graph above outlines Council's existing loan borrowings with the declining trend reflective of current repayment schedules. Borrowings remain within the Auditor-General's low risk range.

Operating result

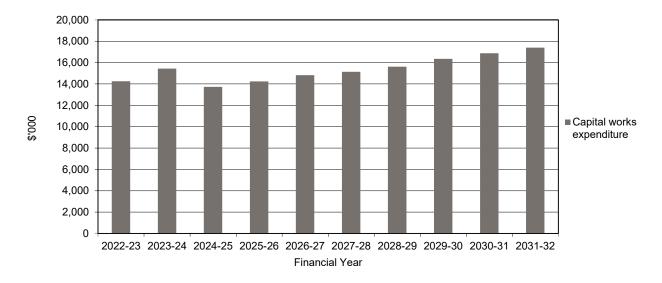

The expected operating result for the 2022-23 year is a surplus of \$4.14 million. The above graph projects surpluses to be achieved over the projected 10 years providing capacity for capital investment and debt reduction. The fluctuations are driven by the anticipated receipt of one-off capital grant funding.

Cash and investments

Cash and investments shown in the above graph are illustrating a positive cash position for Council as at 30 June each year through which Council is able to meet operating obligations. The balances of cash held are represented by amounts held for specific purposes including developer contributions and statutory obligations such as landfill rehabilitation.

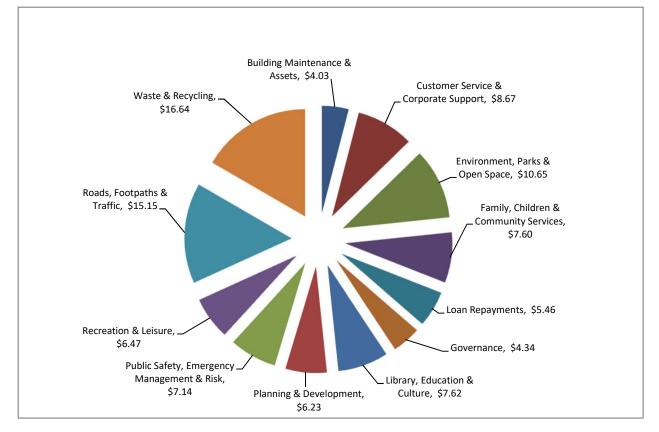

Capital works

The capital works program for 2022-23 will be \$14.25 million, of which \$12 million will be funded by Council cash and \$2.24 million from grants. The capital expenditure program has been set and prioritised based on Council's assessment of the need for key projects. The 2022-23 program includes a number of projects as detailed in Section 4.5 of this document.

Council expenditure allocation

The chart below provides an indication of how Council allocates its expenditure across the main services to be delivered. It shows how much is allocated to each service area for every \$100.00 of rates that Council collects.

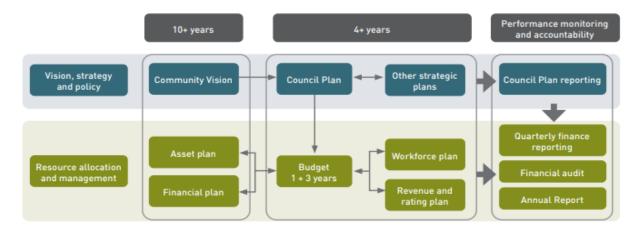

1. Link to the Integrated Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Councils have a legal obligation to provide some services, such as animal management, local roads, food safety and statutory planning. Some council services are not mandated, such as libraries, building permits and sporting facilities. Over time, the needs and expectations of communities can change. The Budget considers the services and initiatives which contribute to achieving the strategic objectives specified in the Council Plan.

The Council Plan includes strategic objectives, strategies, indicators and a budget which can be defined as follows:

- Strategic objectives the outcomes Council wants to achieve within its four-year term
- Strategies how Council will achieve each objective
- Indicators how progress towards the objectives will be evaluated
- Budget a four year budget outlining how the strategies will be financed and resourced

Each year, Council will produce an Annual Action Plan identifying how Council will work towards achieving the objectives in the Council Plan. Council prioritise major projects, capital works, service improvements as well as actions in response to Council strategies to be set out in the Annual Action Plan.

Progress against the Annual Action Plan will be detailed in Council's Annual Report, with major projects and service highlights reported to Council in a quarterly progress report.

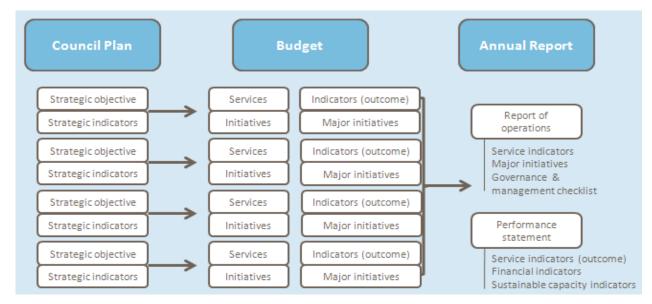

1.2 Strategic objectives

The Council delivers activities and initiatives under thirty major service categories as listed in the following pages. Each contributes to the achievement of one of the four strategic objectives as set out in the Council Plan for 2021-2025. The following table lists the four themes and strategic objectives as described in the Council Plan.

Theme	Strategic Objective
1. Community and connection	To encourage inclusion and participation to support health and wellbeing and ensure that all our residents have equitable access to services,
	programs, events and initiatives.
2. Place and Space	To protect, enhance, maintain, plan and design places and spaces that strengthen identity, reinforce character, improve accessibility, encourage social connection and enjoyment, support biodiversity and respect the environment.
3. Sustainable and resilient	To manage and adapt to changing circumstances that affect our community to ensure it remains sustainable and resilient, both now and into the future.
4. Responsible and accountable	To facilitate the best possible outcomes for our community, by demonstrating strong leadership and working actively to achieve the community's objectives.

2. Services, initiatives and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget (excluding capital works) for the 2022-2023 year and how these will contribute to achieving the strategic objectives specified in the Council Plan as set out in Section 1. It also describes a number of service performance indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these components of the Budget and the Council Plan, along with the link to reporting in the Annual Report, is shown below.

Forward Estimates

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's Annual Budget.

As per the Act, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2022-2023 the FGRS cap has been set at 1.75 percent. The cap applies to general rates and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, there will be a 1.75 percent rate cap applied to the average general rate.

Rates and charges are due on a quarterly instalment basis. The due dates for the 2022-2023 financial year will be:

- 30 September 2022,
- 30 November 2022,
- 28 February 2023 and
- 31 May 2023

(if any of these dates fall on a weekend, the due date will be the following Monday).

This will raise total rates and charges for 2022-2023 to \$73.87 million.

4.1.1 (a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	Forecast 2021-22	Budget 2022-23	Chan	ge
	\$'000	\$'000	\$'000	%
General rates	58,883	60,120	1,237	2.10
Waste management charge	10,771	13,167	2,396	22.24
Special rates and charges	279	295	16	5.73
Interest on rates and charges	234	284	50	21.25
Total rates and charges	70,167	73,866	3,699	5.27

4.1.1 (b) The rate in the dollar to be levied as general rates under section 158 of the Act for each type or class of land compared with the previous financial year:

Type or class of land	2021-22	2022-23	Change
	Rate in Dollar	Rate in Dollar	%
General	0.002718	0.002441	(10.19)
Farm Land	0.002310	0.002075	(10.17)
Commercial/Industrial	0.003153	0.002832	(10.18)
Vacant Land - Residential and Specified Low Density Residential Zones	0.004031	0.003662	(9.15)
Cultural and Recreational Land	0.001060	0.000952	(10.19)

4.1.1 (c) The estimated total amount to be raised by general rates in relation to each type or class of land, compared with the previous financial year:

Type or class of land	2021-22	2022-23	Chang	je
Type of class of land	\$'000	\$'000	\$'000	%
General	54,319	56,328	2,009	3.70
Farm Land	623	508	(115)	(18.46)
Commercial/Industrial	2,755	2,580	(175)	(6.35)
Vacant Land - Residential and Specified Low Density Residential Zones	1,079	776	(303)	(28.08)
Cultural and Recreational Land	4	4	-	-
Total amount to be raised by general rates	58,780	60,196	1,416	2.41

4.1.1 (d) The number of assessments in relation to each type or class of land, compared with the previous financial year:

Type or class of land	2021-22	2022-23	Chang	e
Type of class of land	Number	Number	Number	%
Residential	22,314	22,623	309	1.38
Farm Land	169	140	(29)	(17.16)
Commercial / Industrial	1,003	1,003	-	-
Vacant Land - Residential and Specified Low Density Residential Zones	484	319	(165)	(34.09)
Cultural and Recreational Land	2	2	-	-
Total number of assessments	23,972	24,087	115	0.48

The movement in the number of assessments has been primarily driven by the growth in rateable properties occurring across the Shire.

4.1.1 (e) The basis of valuation to be used is the Capital Improved Value (CIV), this is in compliance with the Fair Go Rates System and the Local Government Act.

4.1.1 (f) The estimated total value of each type or class of land, and the estimated total value of land, compared with the previous financial year:

Type or class of land	2021-22	2022-23	Char	ige
Type of class of land	\$'000	\$'000	\$'000	%
Residential	19,984,620	23,075,713	3,091,093	15.47
Farm Land	269,810	244,975	(24,835)	(9.20)
Commercial / Industrial	873,767	911,015	37,248	4.26
Vacant Land - Residential and Specified Low Density Residential Zones	267,775	211,940	(55,835)	(20.85)

Total value of land	21,400,047	24,447,993	3,047,946	14.24

4.1.1 (g) The rate or unit amount to be levied for each type of service rate or charge under Section 162 of the Act compared with the previous financial year per rateable property:

Ture of Charge	2021-22	2022-23	Chan	ge
Type of Charge	\$	\$	\$	%
Waste Management - Standard service	477.73	582.73	105.00	21.98
Waste Management - 80 litre landfill bin	382.18	466.18	84.00	21.98
Waste Management - 2 x 120 litre landfill bin	668.82	815.82	147.00	21.98
Waste Management - 140 litre landfill bin	525.50	641.00	115.50	21.98
Waste Management - 120 litre landfill bin – weekly collection	859.91	1,048.91	189.00	21.98
Waste Management - Elderly persons units - bin	119.43	145.68	26.25	21.98

Council has proposed to increase the domestic waste service standard charge by 21.98%.

4.1.1 (h) The estimated total amount to be raised by each type of service rate or charge, compared with the previous financial year:

Type of Charge	2021-22	2022-23	Chan	ge
Type of Charge	\$	\$	\$	%
Waste Management - Residential - Standard Service	8,992,790	10,856,260	1,863,470	20.72
Waste Management - Residential - 80 Litre Red Bins	203,702	258,264	54,562	26.79
Waste Management - Residential - 2 Red Bins	1,195,850	1,568,006	372,156	31.12
Waste Management - Residential - 140 L (Fortnightly Garbage)	263,276	394,856	131,580	49.98

Total Rates and charges	69,499,225	73,363,755	3,864,530	5.56

The above table only includes rates and charges generated and excludes any applicable rebates and special rates.

4.1.1 (j) Fair Go Rates System (FGRS) Compliance

Nillumbik Shire Council is fully compliant with the State Government's Fair Go Rates System

	2021-22	2022-23
Number of rateable properties	23,970	24,085
Base Average Rates	\$2,415.71	\$2,456.53
Maximum Rate Increase (set by the State Government)	1.50%	1.75%
Council Rate Cap Applied	1.50%	1.75%
Capped Average Rate based on Council rate cap	\$2,452.06	\$2,499.16
Budgeted General Rates Revenue subject to FGRS	\$ 58,775,847	\$ 60,192,255

4.1.1 (k) Any significant changes that may affect the estimated amounts to be raised by rates and charges:

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations;
- The variation of returned levels of value (e.g. valuation appeals);
- Changes of use of land such that rateable land becomes non-rateable land and vice versa; and
- Changes of use of land such that residential land becomes business land.

4.1.1 (I) Differential rates

Rates to be levied

The rate and amount of rates payable in relation to land in each category of differential are:

- A general rate of 0.2441 percent (0.2441 cents in the dollar of CIV) for all rateable residential properties and ordinary vacant land;
- A general rate of 0.2075 percent (0.2075 cents in the dollar of CIV) for all rateable farm land properties;
- A general rate of 0.2832 percent (0.2832 cents in the dollar of CIV) for all rateable commercial and industrial properties;
- A general rate of 0.3662 percent (0.3662 cents in the dollar of CIV) for all rateable vacant land residential and specified low density residential zones; and
- A general rate of 0.0952 percent (0.0952 cents in the dollar of CIV) for all rateable cultural and recreational properties.

Each differential rate will be determined by multiplying the Capital Improved Value (CIV) of each rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council considers that each differential rate will contribute to the equitable and efficient carrying out of Council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

Commercial land - any land used for commercial purposes

Occupied for the principal purpose of carrying out the trade in goods and services. Unoccupied but zoned commercial under the State Planning Scheme.

Industrial – any land used for industrial purposes

Occupied for the principal purpose of carrying out the manufacture or production of goods and services. Unoccupied but zoned industrial under the State Planning Scheme.

Farm land

Land not less than 2 hectares in area; that is used primarily for grazing (including agistment), dairying, pig-farming, poultryfarming, tree farming, bee-keeping, viticulture, horticulture, fruit-growing or the growing of crops of any kind or for any combination of those activities; that is used by a business.

Land that has a significant and substantial commercial purpose or character; and that seeks to make a profit on a continuous or repetitive basis from its activities on the land; and that is making a profit from its activities on the land, or that has a reasonable prospect of making a profit from its activities on the land if it continues to operate in the way that it is operating.

Farm land with Sustainable Agriculture Rebate land

Used by the applicant for a single farm enterprise must comprise and aggregate of a minimum 30 hectares;

The property in respect of which the rebate is sought is classified as Farm Land; the applicant shall satisfy detailed criteria relating to sustainable farming practices and land care principles as developed by Council.

Other land

Unoccupied land which is not farm land, commercial/industrial land or vacant land - residential and specified low density residential zones.

Vacant Land - Residential and Specified Low Density Residential Zones

General Residential / Activity Centre Zone / Neighbourhood Residential Zones and Low Density Residential Zones (LDRZ) to which Development Planning Overlay 4 applies, on which no habitable dwelling exists.

Lots greater than 8,000 square metres in the Plenty LDRZ are excluded.

This is a higher differential to encourage construction of new dwellings in preferred locations across the Shire.

Rateable land under this definition includes Vic Roads land that is not used for transport or for residential properties.

On submission of a valid building or planning permit for a dwelling or occupiable building/s, the property rate type will revert to the general rate.

Cultural and Recreational Land

Council is required to determine an amount payable as rates in respect to recreational lands.

Recreational lands are described as lands which are:

- Vested in or occupied by any body corporate or unincorporate which exists for the purpose of providing or promoting cultural or sporting recreational facilities or objectives.
- Which applies its profits in promoting its objectives and prohibits the payment of dividend or amount to members used for outdoor sporting recreational or cultural purposes or similar outdoor activities.

Statutory fees and fines (\$0.26 million increase)

Statutory fees relate mainly to fees and fines levied in accordance with legislation and include animal registrations, *Public Health and Wellbeing Act 2008* registrations and parking fines.

A detailed listing of statutory fees is included in Appendix 1.

Other fees and charges	236	225	(11)	(4.66)
Total user fees	16,128	17,582	1,454	9.02

User fees (\$1.45 million increase)

User charges relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include use of leisure and other community facilities and the provision of human services such as family day care and home help services. In setting the Budget, the key principle for determining the level of user charges has been to ensure that increases are generally consistent with cost increases.

Revenue generated from user charges has increased driven by the increase in charges as listed in **Appendix 1** - Nillumbik Shire Council 2022-2023 Fees and Charges. There is an overall projected increase in revenue generated by 9.02 percent, driven by a change in facility related contracts.

4.1.4 Grants

Grants are required by the Act and the Regulations to be disclosed in Council's annual budget.

Total Grants	26,077	7,560	(18,517)	(71.01)

Grants - Operating (\$1.82 million decrease)

Operating grants include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services to ratepayers. Overall, the level of operating grants is expected to decrease by 25.46 percent or \$1.82 million. This is mainly due to a large number one-off non-recurrent grants received in 2021-2022.

Grants - Capital (\$18.52 million decrease)

Capital grants include all monies received from State, Federal and community sources for the purposes of funding the capital works program. Overall, the level of capital grants has decreased by 71.01 percent or \$18.52 million mainly due to specific funding for large capital works projects in 2021-2022.

Section 4.5 Capital works program includes further detailed analysis of the grants and contributions expected to be received during the 2022-2023 year.

Total contributions	2,184	134	(2,050)	(93.86)

Contributions (\$2.05 million decrease)

Contributions relate to monies paid by residents in regard to road construction schemes, developer contributions or monies paid by clubs for other minor capital works.

Contributions are projected to decrease \$2.05 million when compared to the 2021-2022 Budget forecast. This is mainly due to the one off receipt of contributions tied to capital projects in 2021-2022.

Other expenses (\$0.77 million decrease)

Other expenses are forecast to decrease by 11.23 percent or \$0.77 million. This is mainly as a result of reductions in aged and family services related expenditure.

4.2 Balance Sheet

4.2.1 Assets

Current Assets (\$9.55 million decrease)

Cash and cash equivalents include cash and investments such as cash held in the bank and the value of investments in deposits with short term maturities of twelve months or less.

Trade and other receivables are monies owed to Council primarily by ratepayers. Short and long term debtors are not expected to change significantly and continue to be monitored by Council.

Other assets includes items such as prepayments for expenses, inventories in Council's services and other revenues due to be received in the next 12 months.

The movement is reflective of the draw down of grant monies received for specific purposes.

Non-Current Assets (\$0.62 million increase)

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles and equipment. The increase in this balance is attributable to the net result of the capital works program, and ongoing commitments to maintain and improve community facilities.

4.2.2 Liabilities

Current Liabilities (\$8.25 million decrease)

The decrease is driven by the recognition of unearned grants and contract liabilities under Australian Accounting Standard.

Non Current Liabilities (\$4.21 million decrease)

The decrease in non-current liabilities is mainly due to timing interest-bearing liabilities and provision movements.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	2021-22	2022-23
	\$	\$
Amount borrowed as at 30 June of the prior year	13,387	16,925
Amount proposed to be borrowed	7,000	-
Amount projected to be paid	(3,462)	(3,406)
Amount of borrowings as at 30 June	16,925	13,519

4.2.4 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast 2021-22 \$'000	Budget 2022-23 \$'000
Right-of-use assets	\$ 000	\$ 000
Plant and equipment	1,480	1,234
Total right-of-use assets	1,480	1,234

Total current lease liabilities	406	414
Non-current lease liabilities		
Plant and equipment	1,075	821
Total non-current lease liabilities	1,075	821
Total lease liabilities	1,481	1,235

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities.

4.3 Statement of changes in Equity

4.3.1 Reserves

4.3.1 (a) Statutory reserves (\$1.34 million decrease)

These funds must be applied for specified statutory purposes in accordance with various legislative and contractual requirements. The decrease projected is illustrating the use of funds received for specific purposes.

4.3.1 (b) Discretionary reserves (\$0.74 million decrease)

These funds are not tied to a specific purpose. In this case Council has made decisions regarding the future use of these funds and unless there is a Council resolution these funds are to be used for those purposes. The decisions about future use of these funds has been reflected in Council's Budget.

4.3.2 Equity

Equity (\$3.54 million increase)

Total equity must equal net assets and is made up of the following components:

- Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations.
- Other reserves that are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the Accumulated Surplus of the Council to be separately disclosed.
- Accumulated surplus which is the value of all net assets less reserves that have accumulated over time.

The movement in other reserves reflects the net position of usage of investment cash reserves to partly fund the capital works program or operating project expenditure and additional transfers to reserves from transactions like developer contributions and asset sales.

4.4 Statement of Cash Flows

4.4.1 Net cash flows provided by/used in operating activities (\$7.37 million decrease)

The decrease is driven by to one off capital works funding through external contributions received and in materials and services.

4.4.2 Net cash flows provided by/used in investing activities (\$31.36 million decrease)

The overall decrease is a reflection of timing of cash flows associated with the capital works program for the 2022-2023 year. The statement of capital works provides a full detail of projects for the 2022-2023 year.

4.4.3 Net cash flows provided by/used in financing activities (\$6.99 million increase)

This increase is attributable to new loans to be taken in 2021-22 (\$7 million). Council continues to make repayments on existing loans.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2022-23 year, classified by expenditure type and funding source.

4.5.1 (a) Property (\$1.02 million)

The property class comprises buildings and building improvements including community facilities, municipal offices, sports facilities and pavilions.

4.5.1 (b) Plant and equipment (\$1.88 million)

Plant and equipment includes plant, machinery and equipment, computers and telecommunications.

The more significant projects include ongoing cyclical replacement of the plant and vehicle fleet (\$1.58 million).

4.5.1 (c) Infrastructure (\$11.34 million)

Infrastructure includes roads, bridges, footpaths and cycleways, drainage, recreation, leisure and community facilities, parks, open space and streetscapes, off street car parks and other structures.

For the 2022-2023 year, \$2.19 million will be expended on road projects. The more significant projects include:

- Road and carpark renewal (\$1.85 million);
- Road safety (\$0.34 million);

\$3.98 million will be expended on recreational, leisure and community facilities, key projects being:

- Buildings renewal (including public toilets) (\$2.2 million);
- Carpark upgrades (\$0.65 million);
- Sports infrastructure renewal (\$0.45 million);
- Trails renewal works (\$0.30 million)
- Trail upgrades works (\$0.20 million);

\$0.76 million will be expended on footpath construction and renewal program projects.

\$0.65 million will be expended on drainage renewal and upgrade projects.

Two million will be expended on waste management in relation to the rehabilitation of the Kangaroo Ground landfill site.

\$0.15 million will be expended on bridge works.

- Other infrastructure expenditure includes
 - BMX facility (\$0.75 million);
 - Disability access works (\$0.15 million);
 - Street tree planting (\$0.13 million); and
 - Townships and streetscapes (\$0.10 million).

A distinction is made between expenditure on new assets, asset renewal, upgrade and expansion. Expenditure on asset renewal is expenditure on an existing asset, or on replacing an existing asset that returns the service of the asset to its original capability. Expenditure on new assets does not have any element of expansion or upgrade of existing assets but will result in an additional burden for future operation, maintenance and capital renewal.

Grants - Capital (\$2.24 million)

Capital grants include all monies received from State and Federal governments for the purposes of funding the capital works program. Significant grants budgeted to be received for 2022-2023 include funding for a BMX Facility, road and carpark renewal, carpark upgrades and trail upgrades. A list of projects with their funding source is provided below in 4.5.2.

Council Cash (\$12 million)

It is expected that in 2022-2023, \$10.04 million of rates revenue will be used to fund various capital projects.

For 2022-2023, \$2.16 million of reserve fund will be used to fund part of the new capital works program including:

- Kangaroo Ground landfill rehabilitation (\$1.28 million); and
- Dixon/Alistair public toilets (\$0.35 million).

4.5.2 Capital works program

For the year ending 30 June 2023 * The below is a schedule of proposed and planned works for the 2022-2023 financial year. It is not a list of Council assets.

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators

1. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Improvement in financial performance expected over the period.

Council is projecting to achieve surpluses and projected financial sustainability remains a priority and challenge for Council.

2. Working Capital

The proportion of current liabilities represented by current assets. The working capital forecast remains steady, Council will continue to maintain the ability to service short term obligations.

The working capital indicator is showing Council will be able to service its projected short-term obligations into the future. The result also considers specific purpose grant funding which contributes to the trend.

3. Unrestricted cash

The trend is reflective of Council's ongoing reliance on grant funding to deliver projects / programs. This further highlights the need for Council to explore other revenue generating streams to maintain financial sustainability in the longer term.

4. Debt compared to rates

The results illustrate Council's commitment to pay down existing loans.

5. Asset renewal

A strong focus is placed on Council's capital works program with asset renewal playing a significant role. The trend indicates Council will maintain an adequate level of renewal spending over the next ten years.

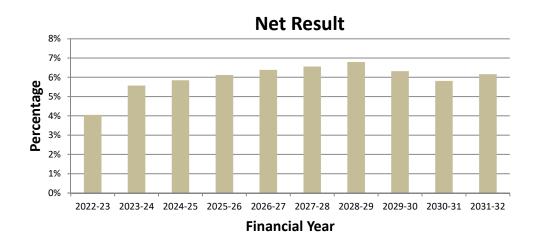

6. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's on-going services. The trend indicates Council will have a continual reliance on rate revenue compared to all other revenue sources.

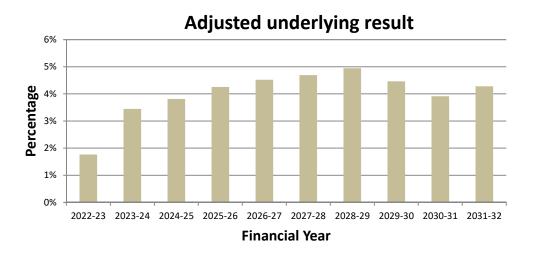

No significant changes are projected to Council operations, with the reliance on rates projected to remain consistent indicating no significant growth in rateable assessments.

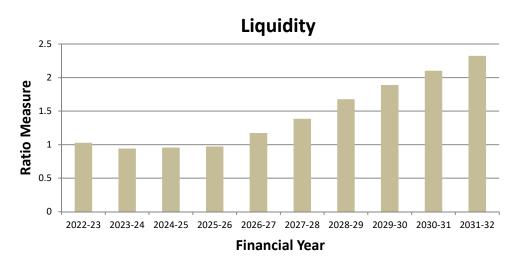

Financial Sustainability Performance

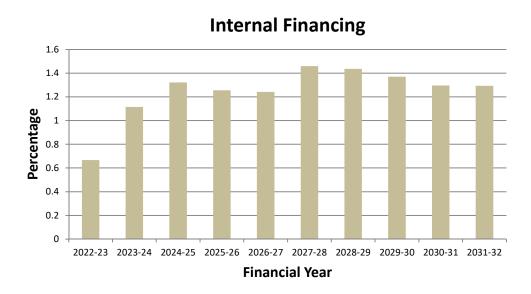

This appendix outlines Council's performance against the adopted financial sustainability plan indicators for the period 2022-23 to 2031-32
