

# Social Infrastructure Fact Sheet

## Social infrastructure supports community services, programs and activities.

Social infrastructure is a mix of facilities, spaces, places, projects, programs, services, and networks that aim to:

- Encourage and enable social inclusion
- Support diverse communities
- Enhance health and wellbeing
- Support a changing population
- Assist with economic development

One of Nillumbik's greatest challenges into the future will be to ensure that the right community infrastructure is in the right locations at the right times, so that service providers can respond to community needs proactively and flexibly.

Additionally, evolving demographic profiles, consumer preferences, technologies, and service delivery models will need to be taken into consideration in the planning and provision of community infrastructure.

### Community health

### Schools and childcare

### Sports and recreation

**Our People,  
Our Place,  
Our Future**

## Local library

## Arts and Cultural Participation

To ensure Council realises the full value from its assets, Council will need to effectively plan for, manage, and effectively utilise existing assets.

Effective management of these assets requires the collection of appropriate information, including their value, cost to maintain and operate, condition, performance, risk and utilisation.

## Social infrastructure in the future: what we can expect

Changing demographics will impact on the provision of social infrastructure.

Partnerships, co-location and innovative delivery solutions to the provision of social infrastructure will be more important in the future.

## Social infrastructure in the future: what can we do?

Continue to deliver mixed-use spaces where people can access a range of services and facilities.

Increase funding from less traditional sources (including private-sector partnerships).

If you would like to attend a community pop-up or virtual information session please go to [participate.nillumbik.vic.gov.au/our-future](https://participate.nillumbik.vic.gov.au/our-future) for more information.
